THE FUTURE

INSIGHTS FOR THE FUTURE

➤ A Changed Battlefield

- Widely Dispersed
- Decentralized Execution
- Rapid Reorganization
- Threat to Lines of Communication
- Joint and Combined

Expectations
Have Changed

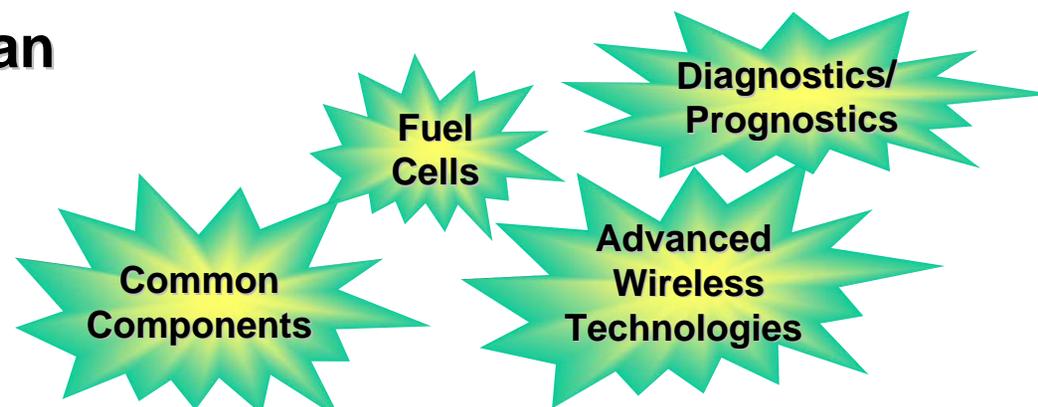

Flexible – Responsive - Adaptable

➤ Imperatives

- See, in “Near Real Time,” Requirements Across Battlefield
- Distribution System that is Fast & Precise

➤ Future Concepts

- Highest Reliability We Can Afford (Key Performance Parameters)
- Use New Technology to Reduce Requirements

G-4 FOCUS

★ **“CONNECT” OUR LOGISTICIANS**

★ **MODERNIZE THEATER DISTRIBUTION**

CRITICAL TO SUCCESS

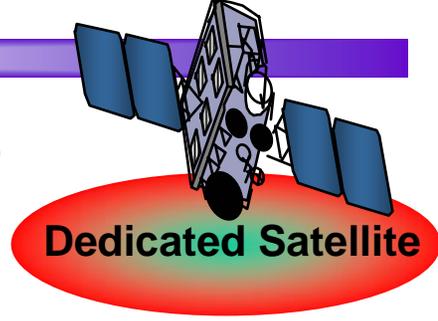

- Our Commitment
- Joint Integration
- Policy Modernization
- Refined Doctrine
- New Force Structure
- Standards and Discipline

★ **IMPROVE FORCE RECEPTION**

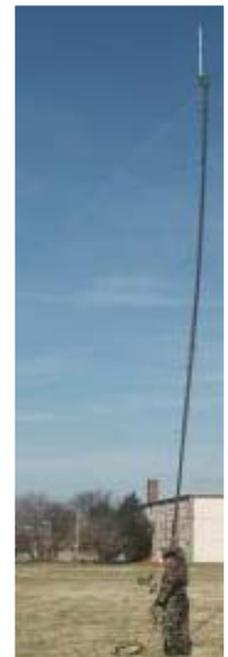

★ **INTEGRATE THE SUPPLY CHAIN**

“CONNECT” OUR LOGISTICIANS

- **Agile, Assured, 24 / 7 Data Capability into the Enterprise**
 - ✓ **A Log Network For Log Data**
 - ✓ **ERP (Enterprise Resource Planning)**
 - ✓ **VSAT (Very Small Aperture Terminal), CAISI (Combat-Service Support Automated Information System Interface), & RFID (Radio Frequency Identification) w/ every SARSS (Standard Army Retail Supply System) Site**
 - ✓ **Collapse the Materiel Management Center Structure**
 - ✓ **Co-locate Log Command and Control**
 - ✓ **Joint and Combined Coordination**

CAISI OMNI ANTENNA

- **Plug / Un-plug as Required**
- **Include Logistics, Personnel, Medical & Engineer (Operational Sustainment)**

Enable “Sense and Respond” Logistics

MODERNIZE THEATER DISTRIBUTION

“See” Requirements

- **Single Proponent**
- **Enable Control With 100% Visibility**
 - ✓ **Total Asset Visibility / In-transit Visibility From Factory to Foxhole**
 - ✓ **Flexible and Responsive Distribution System**
 - ✓ **Rapid, Precise Delivery**
- **Single Doctrine, Single Structure, Single Info System**
 - ✓ **Strategic Integration (TRANSCOM = DPO)**

Structure to Support Rapidly Changing Task Organizations

IMPROVE FORCE RECEPTION

- **Aerial / Sea Ports Of Debarkation**
 - ✓ **Distribution**
 - ✓ **Life Support**
- **Strategic Connectivity**
 - ✓ **Theater Log C2 Node**
- **Embedded Sustainment Capability**
 - ✓ **Theater Opening Package vs Port Opening Package**
 - ✓ **Force Provider**
 - ✓ **Connectivity**
- **Life Support – Division in 5 Days**
 - ✓ **No Contractors First 30 Days ... Better Solution?**

“The First 15 Days”

INTEGRATE THE SUPPLY CHAIN

➤ Single Proponent

“See” the Requirement

✓ Role of Strategic Partners

- ✓ ASL (Authorized Stockage List)/ PLL (Prescribed Load Listing) Modernization
- ✓ Modernize Production and Distribution
- ✓ Supply Support Activity Afloat

Eliminate
Stovepipe
Suboptimization

What We do in G-4 Subsistence

- **Work Through ACES and IMA to Feed the soldier.....All Soldiers! Everywhere!**
- **Make and Enforce Policy that makes sense and Advances the G-4 and the CSA Focus Areas...Do the Important Stuff First**
- **Resource our Programs and Defend Them...**
- **Army Advocate Within AAFES/DeCA**
- **Principal Interface with Congress**

Sustaining The Transforming Army... Transforming the Sustaining Army

S

An army marches on its stomach . . .

The background of the image features a large, waving American flag on the left side, with its stars and stripes clearly visible. On the right side, there is a semi-transparent image of a soldier wearing a helmet and tactical gear, looking forward. The overall tone is patriotic and emphasizes military readiness.

***SUSTAINING THE
TRANSFORMING ARMY-
WHILE
TRANSFORMING THE
SUSTAINING ARMY***

We Can't Do It Without YOU!
