Equipment Replacement Process

Step One: - Dining Facility Records

- **Access a Single Dining Facility.**
 - ✓ Print records
- **Equipment Inventory.**
 - ✓ Full detailed report
- **Equipment Replacement.**
 - ✓ Lists equipment due for replacement
- **Equipment Summary – Moved to DSS.**
 - ✓ Lists authorizations and allowances for Installation

Ensure Design Specifications are accurate for each Facility on the Installation.

Figure C-29. IFA Dining Facility Equipment Inventory Report (example).

- This report is produced in the Equipment Inventory subprocess of the Dining Facility Inquiry Process (section 6).
- The report lists all items in the equipment inventory for the selected building. It displays the activity code, building number, facility name, and the data for each item of equipment for the dining facility.

- This report will provide you with a complete listing of information about equipment records for the selected dining facility.
- Best used to research discrepancies.
- Will print numerous pages depending upon the size of the facility.
