HOMETOWN	<i>Ansbach, Germany</i>
JOB	<i>Food service specialist</i>

We all have our reasons for joining the Army. Regardless of you becoming a career soldier or not, we all leave the Army more mature and stronger in a lot of different ways. The Army opens doors to challenges and opportunities. If we take everything we have learned, the Army can be a jump start to a better future, depending on what you make of it. The Army has helped me overcome fears.
