

Duncan's Professional Food Service Hand Safety Products

Other Exciting Products from Duncan Industries

KSFP - Safer Serve Finger Guard

The slim size of Duncan's Finger Guard is designed for the server on the run. Pocket-sized protection with a non-slip grip helps to safely deliver hot plates to the table. Size 4.5" x 4.5"

KSS7 - Safer Serve Hot Pad with Thumb Loop

Our Hot Pad with Thumb Loop provides protection to the palm with a handy thumb loop that helps lock the Pad to your hand. Non-slip textured grip surface gives maximum control while moving through a crowded restaurant. Size 7" x 7"

KCS - Safer Serve Fajita Skillet Handle Sleeve

Now you can help protect your clientele from the dangers of hot fajita panhandles. These stylish, stain resistant covers can be imprinted with your company logo. Minimum order required. Size 5.5" Long

KFP - Safer Serve Forearm Protector

Finally, protection for those servers brave enough to bring out multiple hot plates up the forearm. The same great protection previously reserved for chefs is now available to the front of house server. Size 8" in length—adjusts to fit any size forearm.

All Oven Mitts & Wrist Straps are available in six colors

Commercial Grade Oven Mitts

KCM - Commercial Stovetop/Microwave Oven Mitt

Our Stovetop Mitt is ideal for moving hot items around on the stovetop. Its slender profile is perfect for working within the confines of a microwave. Our non-slip grip surface makes putting on and taking off with one hand a breeze. Size 11"

KC7X standard width / KC8X wide width Commercial Extra Length Oven Mitt

Duncan's Commercial X Length Oven Mitt is our most popular product. It offers a great combination of durability and economy. Its long length helps protect the forearm from painful oven burns. It's time to lose those scars. Size 17"

Professional Food Service Oven Mitts

KFSM-Professional Food Service Stovetop/Microwave Oven Mitt

Now you can get the same durability as our 17" PFS Oven Mitt in an 11" length. Our slender design is perfect for maneuvering in tight spaces and makes grasping panhandles effortless. Size 11"

KFS7X standard width / KFS8X wide width Professional Food Service Extra Length Oven Mitt

The Professional Food Service line of Oven Mitts brings hand safety protection to a whole new level. The revised stitching pattern makes the PFS Mitt ideal for high meal preparation volume. Size 17"

Commercial Grade Hot Pads

KC6P - Line Cook Hot Pad

The Line Cook Hot Pad is specifically designed to replace towels on the cooking line. Sauté panhandles fit in a specially designed locking channel. Size 6" x 6"

KC7P - Mini Hot Pad

This general use hot pad is our most versatile product. When not in use, the smaller size can be tucked into an apron or belt loop for easy and quick access. No more dirty towels for the Health Department to see. Size 7" x 7"

KBP - Standard Hot Pad

The Standard Hot Pad is the perfect substitute for fabric hot pads or towels. Our revolutionary material is virtually stain proof and water repellant, leaving bacteria with few places to hide and multiply. Size 10" x 10"

KBS - Hot Pad with Slit

Duncan's Hot pad with Slit has all the great features of the Standard Hot Pad plus a convenient slit that remains on the wrist when not in use. Size 10" x 10"

KMLB - Major League Hot Pad with Finger Guard and Wrist Strap

The Ultimate Hot Pad is finally here! This is 21st Century protection designed in the shape of your hand. Our Finger Guard Pocket prevents burns to fingertips. Double thick construction provides extra thermal protection while adding soft cushion relief for your hands. Size 10.5" x 11.5"

KBW - Hot Pad with Wrist Strap

This model of Hot Pad incorporates all the great features and benefits of our other Hot Pads. Model KBW features a wrist strap that can be color-coded for easier identification or for incorporation in your anti-cross contamination programs. Size 10" x 10"

KBWA - Angled Hot Pad with Wrist Strap

A Duncan Innovation. This Hot Pad is designed with an angle that allows for full use of the diagonal width. This model is suited for people with large hands. Wrist Strap can also be color coded. Size 10" x 10"

KC3F - 3 Finger Super Grip Oven Mitt

You can now use kitchen utensils in hot environments with ease. Our three-finger design maximizes control by combining extra dexterity with our superior non-slip grip textured material. Size 17"

KCPM - Puppet Style Mitt

Duncan Industries now brings the convenience of a puppet style mitt to your kitchen. This Oven Mitt is ideal for removing sheet pans from the oven. Size 17"

KSC - Special Contact Cover Mitt

The Special Contact Cover Mitt is designed to fit over all of Duncan's Oven Mitts and affords additional protection in high heat situations. Size 11"

KC7G standard width / KC8G wide width Oven Mitt with Gusset

Protection in the kitchen is enhanced like never before with the new standard in oven mitts. The PFS Oven Mitt with Gusset is our most durable model and is best suited for extreme kitchens. Size 17"

KTC - PFS Grips Chef's Towel

Are you a chef looking for the added protection of Duncan's innovative material but just can't get rid of your side towel? With our new chefs towel complete with grip surface, you can now have the best of both worlds when you need to grab that hot pan with confidence. We've combined a 25" x 16" superior quality terrycloth side towel with our special 6" x 16" hot pad included at one end. So go ahead and keep your towel and stay protected at the same time. (This item is machine washable and not dishwasher safe)

Mitt Drying Rack shown in use

CMDR - Mitt Drying Rack

Our glove storage rack will hold up to eight 17" PFS Oven Mitts. This rack offers a centralized, wall-mounted place for storage and quick drying of our oven mitts after they are washed. Coating makes this rack very durable while protecting it from the harsh kitchen environment. Wall mounting hardware included.

KXXL - Super Long Shoulder Length Oven Mitt

The Shoulder Length Oven Mitt is an Extreme Oven Mitt for Extreme situations. Super long length helps to safeguard the entire arm from burns. Size 32"

KXL - Extra Long Elbow Length Oven Mitt

The Elbow Length Oven Mitt provides protection from burns caused by reaching into oversize ovens. This Mitt will help to reduce forearm burns from deep fryers. Size 22"
