**2. BACKGROUND:**

Genisoy Food Company voluntary recalls bars because they may contain peanut products that were manufactured by Peanut Corporation of America (PCA), which is the focus of an on-going Salmonella investigation. Genisoy took this action in cooperation with the FDA in response to PCA's recent expansion of its peanut products recall to include all peanut products produced in PCA's Blakely, Georgia plant since January 1, 2007.

The recalled bars were sold in all types of retail stores as individual bars in 12-count caddies throughout the United States. No 6-count caddies of Genisoy or MLO Bio Protein were affected by this recall. All MLO Bio Protein Bars and Genisoy Soy Protein Bars with codes after 5/27/09 are not a part of this recall because they were produced at a manufacturer that did not use PCA peanut butter products. Genisoy Organic Apple Cinnamon, which is the focus of the original Genisoy Food Company Voluntary Bar Recall is the exception – still subject to voluntary recall. Genisoy Organic Soy Protein Rich Chocolate and Mixed Berry are not a part of this expanded recall because the manufacturer did not use PCA peanut products in these bars.
