92G Advanced Food Service Refresher Training Course

Concepts, Systems & Policy Division

The 92G Advanced Food Service Refresher Course identifies and provides comprehensive skills to augment the success of mid-level and senior NCOs. This course will fill some of the management training gaps and refresh skills that have grown stale during deployments. The modules will reinforce the skills needed by senior 92Gs to perform their duties within a dining facility and to produce quality food service. The 6 topics are Managing DFAC Accounts, Marketing, Field Feeding, AFMIS, Food Safety Refresher and Nutrition.

How to Access Blackboard

To access your Blackboard domain and enroll into your course follow these instructions:

Step 1

- First time user Log onto https://qm.ellc.learn.army.mil, sign in with your AKO username and AKO password or CAC.

Step 2

- Select the "Courses" tab at the top of the QM homepage (after login).

Step 3

- Under the "Course Catalog" select "QM Courses"

- Under "Search Catalog" in the search box, type, "Advanced Food Service Refresher" and click Go.

- The course will appear, click the drop down 🔽 located at the end of the course ID. Then select "enroll"

Trouble Shoot Only

Disclaimer: If you get a **red** error banner across your screen <u>after</u> you login to Blackboard with you AKO username or CAC

Go the URL https://qm.ellc.learn.army.mil and remove just QM. The new address will be https://ellc.learn.army.mil, which will remove the red banner error! DO NOT use this URL to login for the first time!!!
